

My family and I listen to K-Love radio stations at home and as we travel exclusively, we have come to depend on the blessings of the encouragement of K-Love. Living in a predominantly rural state if K-Love were placed on a LPFM broadcaster, most of the state would not be able to receive K-Love. K-Love reaches people with its positive music and message that otherwise would never receive any thing stickly positive in each day, not to mention all the people whose first step toward salvation is made with K-Love. PLEASE DON'T TAKE THIS VITAL PART OF SO MANY LIVES AWAY!!
